# Why Choose Advantage Boating This Winter?

## THE PERFECT LOCATION

The **BRITISH VIRGIN ISLANDS** are the perfect sailing and holiday location. Situated just 60 miles east of Puerto Rico, the islands boast steady trade winds, a constant temperature of 75-85 degrees, and crystal turquoise waters, making for optimal sailing conditions.

When the sailing day ends, it's time to partake in the many other activities the Islands have to offer. The sparkling turquoise waters beckon with the lure of swimming and snorkelling. On land the Islands have something for everyone. Whether it's exploring, heading for the waterside bars, or lounging on sun-drenched beaches that appeals to you - it's all waiting for you in the BVI's.

## IDEAL BOATS

We use Beneteau or Jeanneau boats for our courses in the BVI's. Comfortable, well-equipped, well maintained, great for learning and very comfortable. These are the essential qualities for the ideal course boat. Our boats offer unparalleled cruising performance. Students are easily accommodated in private, well-ventilated double cabins as well as single berths. Standard features include hot and cold running water, freshwater deck showers, full galley including refrigeration, a barbecue, private bathroom, a CD stereo and dinghy with outboard.

## OUTSTANDING INSTRUCTORS

We hire only the best instructors to be your vacation hosts. We look for individuals who share our commitment to your successful learning experience. Our Sail Canada certified staff have extensive sailing experience as well as superb teaching and interpersonal skills.

## COMPREHENSIVE PROGRAMS

Our programs are designed to maximize your learning and enjoyment. Throughout the week, sailing and living aboard your boat, you will quickly learn the fundamentals of sailboat cruising. Our courses exceed Sail Canada standards and enable you to attain internationally recognized (IYT) certification.

Months after your program is over, you will remember not only how much fun you had, but equally important, you will have acquired practical skills and certification that will open the door to a lifetime of superb recreation.
